

## Systems Integration

### Project Planning

- Timetable defined
- Strategies Defined

### Operations Analysis

- Business Requirements Mapping
- Performance Testing
- Production Migration

### Solution Design

- Business Process Architecture
- Business Requirements Mapping
- Module design/build
- Data Conversion
- Business Systems Testing
- Performance Testing
- Adoption and Learning

### Build

- Application/Technical Architecture
- Module Design and Build
- Data Conversion
- Documentation
- Business System Testing
- Performance Testing
- Adoption and Learning
- Product Migration

### Transition

- Data Conversion
- Business System Testing
- Adoption and Learning
- Product Migration
